

BACKACHE, PAIN IN SIDE, HEADACHE

Nashville, Tenn.—"Dr. Pierce's Favorite Prescription is the best medicine I have ever taken. I suffered for a long time with a pain in the side and backache. I would become so nervous that I would have to give up and lie down until I could get quiet. I suffered with backache, pains in my side and bearing down. I would also have periodic spells of sick headaches. I could not eat or sleep and got where I was a physical wreck. I decided to give Favorite Prescription a trial and it completely cured me."—MRS. ALICE McCLUDD, 1619 Sixth Ave. N. All druggists.

USE SLOAN'S TO WARD OFF PAIN

You can just tell by its healthy, stimulating odor, that it is going to do you good

"I only had some Sloan's Liniment!" How often you've said that! And then when the rheumatic twinges subsided, after hours of suffering—you forgot it! Don't do it again—get a bottle today and keep it handy for possible use tonight! A sudden attack may come on—sciatica, lumbago, sore muscles, backache, stiff joints, neuralgia, the gas and aches resulting from exposure. You'll soon find warmth and relief in Sloan's, the liniment that penetrates without rubbing. Clean, economical. Three sizes—35c, 70c, \$1.40

Sloan's Liniment (Pain's enemy)

Simple, but Effective.

A woman went to her doctor, complaining to him of her husband breaking out into violent rashes, and asked if he could recommend a cure. "The remedy," replied the doctor, "is simple. I have here an excellent water which I give to most of my patients who suffer from the same complaint. Should your husband become violent again, you need only take half a cupful of the water in your mouth and hold it there for a few minutes; the warmer the water becomes in the mouth the more viscid will your husband's rash melt away. Repeat the dose in very severe cases." The water was ordinary well water. "The result was domestic happiness."

WOMEN! USE "DIAMOND DYES"

Dye Old Skirts, Dresses, Waists, Coats, Stockings, Draperies—Everything.

Each package of "Diamond Dyes" contains easy directions for dyeing any article of wool, silk, cotton, linen, or mixed goods. Beware! Poor dye streaks, spots, fades, and ruins material by giving it a "dyed-look." Buy "Diamond Dyes" only. Druggist has "Diamond Dyes" only. Druggist has "Diamond Dyes" only. Druggist has "Diamond Dyes" only.

The Vanishing Point.

Mary Garden on her return from Monte Carlo said at a dinner in New York: "You will hardly believe it, but in France skirts are getting shorter. On the Promenades des Anglais in Nice and on the Casino terrace in Monte Carlo it almost seemed as if they shortened an inch or so every day. 'Where will this thing end?' a movie king asked in awed tones. 'If skirts,' Miss Garden answered, 'get much shorter, they will end in being nothing but—a hem! a hem!'"

The Cuticura Toilet Trio.

Having cleared your skin keep it clear by making Cuticura your every-day toilet preparations. The soap to cleanse and purify, the Ointment to soothe and heal, the Talcum to powder and perfume. No toilet table is complete without them. 25c everywhere.—Adv.

Important to Mothers

Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the signature of Dr. J. C. Fitch.

In Use for Over 30 Years.

Children Cry for Fletcher's Castoria

Jud Tunkins.

Mr. Tunkins says he can't understand why some people think it's any kind of a comfort to explain to a woman that his troubles are his own fault.

As One Raised From Dead**STOMACH PAINS GONE**

Eaton Made Him Well

"After suffering ten long months with stomach pains, I have taken Eaton and am now without any pain whatever. Am as one raised from the dead." writes A. Percifield.

Thousands of stomach sufferers report wonderful relief. Their trouble is too much acidity and gas which Eaton quickly takes up and carries out, restoring the stomach to a healthy, active condition. Always carry a few Eatons, take one after eating, food will digest well—you will feel fine. Big box costs only a trifle with your druggist's guarantee.

THIS YOUNG MOTHER

Tells Childless Women What Lydia E. Pinkham's Vegetable Compound Did for Her

Millston, Wis.—"I want to give you a word of praise for your wonderful medicine. We are very fond of children and for a considerable time we were married I feared I would not have any owing to my weak condition. I began taking Lydia E. Pinkham's Vegetable Compound and now I have a nice strong healthy baby girl. I can honestly say that I did not suffer much more when my baby was born than I used to suffer with my periods before I took Lydia E. Pinkham's Vegetable Compound years ago. I give all the credit to your medicine and shall always recommend it very highly."—Mrs. H. H. JANSEN, Millston, Wisconsin.

How can women who are weak and sickly expect or hope to become mothers of healthy children? Their first duty is to themselves. They should overcome the derangement or debility that is dragging them down, and strengthen the entire system, as did Mrs. Jansen, by taking Lydia E. Pinkham's Vegetable Compound and then they will be in a position to give their children the blessing of a good constitution.

Be Sure Baby is Healthy at Teething Time

Keep digestion natural, the bowels open, give sufficient food and

MRS. WINSLOW'S SYRUP

The Infants' and Children's Regulator

News of Mississippi

Interesting Happenings Gleaned From All Sections of the State Specially Written For This Paper.

Hattiesburg.—Rotarians of this city

announced that plans are complete for the entertainment of the 600-odd delegates who will arrive in time for the fourteenth Rotary district convention, which opens here. Among the notable speakers who have notified committees of their intention to speak are John M. Parker, governor of Louisiana; Kemp Toney of Pine Bluff, Ark., governor of the Rotary district, and Crawford C. McCullough, first vice-president of the International Association of Rotary clubs, of Fort William, Ont. Nearly every feature thinkable for such an event has been worked into the program.

New Albany.—Superintendent B. L.

Coulter of the New Albany city schools has just returned from Atlantic City, where he attended the session of the National Educational Association. Mr. Coulter was one of the few Mississippi city superintendents who attended this important meet and he reported a most beneficial trip. While away he inspected many of the best school systems of the east and brought back many progressive ideas which he will put into operation in the local schools.

Clarksdale.—In an effort to promote

more efficient and more economic service, addresses were delivered here by executives of the Yazoo & Mississippi Valley railroad to the employees, both white and colored, of the railroad in the local yards. The speakers were Trainmaster W. H. McKay, by whom the meeting was called; Traveling Engineer H. V. Neville and Supervising Agent H. E. Wolf, all of the Memphis office and connected with this division of the road.

Jackson.—Secretary of State Power

was asked to give office room to a war department agent to be sent here for the purpose of distributing Victory medals to the men who served in the world war. Since the abolishment of recruiting offices here the department finds it impossible to reach the ex-soldiers. Secretary Power offered to provide office room in the new capitol and it is expected that the distribution agency will be opened in a few days.

Blue Mountain.—Chas. Bell, a progressive

farmer and stock breeder of Union county, has just butchered a thoroughbred Duroc Jersey hog 13 months old which when dressed weighed 664 pounds. One of the fresh hams of the hog weighed 64 pounds. Farmers all over this section of the state are awakening to the fact that it pays in dollars and cents to improve the breeds of their live stock.

Jackson.—George W. Robinson, convicted

of seduction in Meridian recently and sentenced to five years in the penitentiary, was taken through here recently to Purchase farm. On the train with him was his wife and two babies, the oldest barely three years of age and the youngest scarcely four weeks old, born since Robinson was arrested.

Oxford.—Sheriff J. C. Hartsfield,

Deputy United States Marshal E. E. Temple and City Marshal T. Metts made a raid on a supposed still about five miles south of Oxford. When they reached the scene they found six barrels of mash ready for use, but no kettles or worm. They destroyed the mash, but were unable to make any arrests.

Greenwood.—One hundred and fifty

members of Greenwood Lodge No. 854, B. P. O. E., attended the regular meeting at the lodge rooms at which time officers for the year beginning April 1 were elected. The lodge made a substantial growth during the past year and the membership is near 400.

Laurel.—The state Baptist Sunday

school and Young People's Union closed one of the most enjoyable and successful conventions in its history. Dinner was served to more than 1,700 visitors in the basement of the new Baptist church. Meridian was unanimously selected for the 1922 convention.

North Carrollton.—One of the heaviest

rainfalls we have had in months fell here recently. One-half mile of the Southern railroad track, just below town, was completely under water. All trains were completely stopped for several hours. Quite a bit of damage was done to the tender gardens.

Sherman.—Miss Jimmie Caldwell,

president of the Young People's society of the Methodist church, has been sent as a messenger to Okolona to represent the local church at the district conference of the Methodist church.

Vicksburg.—A temporary organization

of the Vicksburg Young Men's Christian association was effected at a meeting held in the board of trade rooms with R. Vicks Robbins as chairman and Rundle Smith as secretary.

Kosciusko.—Official announcement

is made of the annual state convention of the Mississippi Interdenominational Sunday School association, which will convene in Jackson, Miss., April 5, 6 and 7, according to Rev. W. Fred Long, Jackson, general superintendent of the state organizations.

Brookhaven.—W. H. Nalty, who was

born and reared at Brookhaven, but who lately enlisted in large business enterprises at Hammond, La., was recently elected president of the chamber of commerce of his adopted home.

WAR ON NEIGHBOR'S CATTLE.

Failure to Fight Tick Cause, Remove County Fence.

Vicksburg.—As some of the owners of cattle ranging along a strip of land six miles in length and about a mile wide, in Yazoo county, will not keep their stock free of tick, nor in bounds, the board of supervisors of Yazoo county and the Warren county board have adopted an order which calls for the removal of the county line fence, covering the length of that strip. Hereafter if a cow crosses the line from Yazoo county it will be taken up and the owner will be liable to a fine of \$25. This place will be watched daily so as to impound the stray cattle and collect the fines.

Blue Mountain.—Hon. Hubert D.

Stephens, for ten consecutive years congressman from this district, who declined to stand for re-election last year, has returned from Washington, where he completed his official tenure on March 4. During his long and successful political career he never suffered a single defeat and was never even in serious danger of losing his political position. His service in the house of representatives of the nation reflected high credit upon both himself and his district, and his return to private life restores to this district one of its most distinguished and honorable citizens.

Brookhaven.—Henry Leggett, county

agent, has held meetings lately with men who are running orchards and finding out that conditions necessary for good fruit growing in Lincoln county only need development. The Adams, Bule and White orchards are the oldest and therefore most successful. There are four others. C. V. Rafu, a Dane, who came to Lincoln about 15 years ago, made a remarkable success in raising and shipping peaches, and this farm and orchard is now the Bule farm, Rafu having moved into Louisiana.

Hattiesburg.—J. P. Perkins, one of

the "old-timers" of this section, announces the sale of about 800 acres of property on the Dixie highway, within three miles of Brooklyn and adjacent to the property of the Agricultural high school there, to J. E. Golden, Jr., for \$13,000. Mr. Perkins still owns large tracts of land in this section, living there on a farm at present. Mr. Golden asserted that he was buying the property with the intention of dividing it into several small farms for colonization purposes.

Sturgis.—The Dixie Yam Potato

Curing company has been dipping potatoes for the purpose of preventing diseases detrimental to the potato. The manager of the company made a trip to Tennessee last year and pushed three cars of these potatoes and bedded out about three acres and sold plants all over the country, but this year they are shipping potatoes to other points. The farmers of this vicinity are shipping seed that they stored in the potato curing house.

Blue Mountain.—Mrs. W. T. Lowrey,

wife of President W. T. Lowrey of Blue Mountain college, who has been unable to discharge her official duties here for some weeks because of ill health, has sufficiently recovered to return to her work in the college. Under her efficient direction Blue Mountain college has developed a splendid system of organization which is characterized by practical ideals of individual independence and loyal co-operation.

Brookhaven.—A meeting was held

at the city hall to voice a protest against the increase in rates granted the Cumberland Telephone company by the railroad commission. Resolutions were adopted indorsing the stand taken by Commissioner C. M. Morgan in his dissenting opinion and a petition was prepared to be circulated for signatures asking the attorney general to carry the fight to the courts if necessary.

Canton.—By a vote of three to two

the board of supervisors of Madison county restored the county agent's office, which was discontinued on Dec. 21 on account of financial difficulties. The decision to employ another agent came on the heels of a straw vote taken over the county during the last three weeks, in which a heavy majority of farmers voted in favor of obtaining a good agent.

Greenwood.—The board of super-

visors, which has been in session at the courthouse, adjourned after a two days' session in which routine business and other more important affairs were transacted. Upon the request of W. E. Dean that the roads in Beats One and Two be worked, the board ordered that same be repaired and improved.

Hattiesburg.—More than 1,500 fish

caught in seven hours by hand lines, by seven fishermen, in a pool 20 by 100 feet, was a story told by five Elks club members. They have more than 1,000 perch and broom with which to lend credence to their words. They said the catch was made near Pascagoula.

New Albany.—L. A. Higgins, dairy

specialist from A. & M. college, has just concluded a week's work with Mrs. H. B. Wiseman, county home demonstration agent, giving demonstrations in dairy cow judging. Eight demonstrations were held in the communities where dairy clubs exist.

Meridian.—Meridian is well represented

in Laurel, 35 delegates of the local B. Y. P. U. having left to attend the state B. Y. P. U. and Sunday school convention, which is being held there.

Hazlehurst.—Miss Mittle Fugler,

the county home demonstration agent, is doing active work in her department here in Copiah. She was successful in her efforts to have Copiah county included in the eight counties of the state to get the services of Prof. A. B. McKay, the expert landscaper and garden instructor, and Miss Victoria Hill of the state household arts department of the state.

Brookhaven.—S. P. Oliver called a

meeting of cucumber growers at the courthouse to plan for the crop.

BOY DETECTIVE REAL SHERLOCK

Mike Grady Does Sensational Work in Helping to Check Chicago's Crime Wave.

HE'S REAL "GO-GETTER"

Mike Grady Has Broken Up Murder Gangs and Arrested Single-Handed Many Murderers—Is Modest About His Exploits.

Chicago.—Mike Grady, Chicago's sensational "boy detective," has scored another victory. The youthful sleuth, whose daring exploits have brought him a small fortune in rewards for the capture of criminals, is being showered with congratulations for his latest detective work. He is being heralded as a real Sherlock Holmes. But Grady, who is only thirty-two years old, and who has broken up murder gangs, arrested single-handed many murderers and who has helped to check the wave of crime in Chicago more than any other individual member of the police department, is again "on the trail," and is too modest to speak of his exploits.

Grady's Latest Exploit.

The "boy detective's" latest exploit was the capture of Eddie Morris.

Three young, giggling Chicago girls, accompanied by three men, one of whom was Morris, went to a dance hall. One of the girls laughed at Morris. This angered him. "I'll show you how to laugh at me," he said, and drew a revolver. The girls screamed and the proprietor called the police. Patrolman John Mullen answered the call. Mullen hurried in the door and looked around for trouble. He didn't have a chance for his life. A revolver was pressed against his back, fired, and two quarts of blood, which a brother patrolman gave him in a transfusion operation, couldn't save him. It was the most brutal murder Chicago had known in years.

Worked as Waiter.

Grady was put on the case. The "boy detective" didn't say that 200 policemen had been chasing Morris for a week. Several times the fugitive was sighted and running gun fights ensued. Grady joined in the man hunt. For three days he worked as a waiter and learned that the fugitive was a taxicab fiend. He became one, too. For days Grady was just a jump be

Captured Eddie Morris.

hind Morris. Finally at dawn he cornered him in a cornfield on the outskirts of the city and captured him.

For this piece of work Grady was given Chief Fitzmorris' personal check for \$250. Grady only smiled. He already had collected eight or ten rewards, approximating \$11,000.

But the rounding up of Eddie Morris is only one of the famous cases Grady has solved. He captured, single-handed, 11 bandits caught holding up a store. Grady got the tip the gang was going to pull the job, and he was there waiting for them. He got three of the bandits at the time, and ran down the other eight in 48 hours.

The "boy detective" broke up the notorious Capalanza and Cardinella murder bands, several members of which were hanged.

Find Gauze in Old Wound.

Frederickton, N. B.—Harry A. Larlee, a World War veteran, failed to recover his strength after he had been operated upon at Portland, Ore., a year ago for appendicitis, so he entered the Soldiers' Civil Re-establishment hospital here. A few days ago surgeons again operated and discovered 34 inches of surgical gauze in his abdomen. He died.

Merchant Rout Bandit With Bologna.

Newark, N. J.—Commanded by an armed bandit to throw up his hands, John Dorsak, a delicatessen store-keeper, stopped sliced bologna and rapped the gunman over the head with a long piece of the meat. The bandit dropped his revolver and fled.

Find Elixir of Life.

London.—The elixir of life has been found.

J. B. Huxley, it was learned, has touched the "fountain of youth" in researches at Oxford, but only the lower forms of existence have been benefited.

The life of a rat has been prolonged 40 per cent and the aging of a planarian flatworm has been arrested through 19 generations.

"The elixir of life has been found, rat, slab, only at present for flat worms," said an Oxford scientist.
